

The United Shield Advanced Rifle Plate Suspension Systems (RPSS) has front and Back Plate Pockets that accept 10" x 12" plates with bottom loading for quick removal. The RPSS has adjustable / detachable padded shoulder straps as well as adjustable nylon side straps with quick release buckles on the sides.

The RPSS is manufactured with high wearing 1000 denier nylon and includes a MOLLE webbing grid and an emergency drag strap.

This is a one size fits all. Lightly padded mesh on inner surface to allow for comfort and air flow.

## Recommended Use

The RPSS is recommended to be used with any of the United Shield International Rifle Plates.
